# RITUAL Face Body

We associate the SPA concept to those salons that offer treatments, therapies or relaxation systems.

In a Spa Center, we are not only looking for rest, relaxation or recreation. With our Rituals of Beauty we can take our time to our skin care, moisturizing it, regenerating it and besides all this, in a Ritual also produce such state of relaxation and well being that you will provide us physical and mental regeneration finding a perfect balance. The relaxation is much more, is a state of consciousness that is looking for voluntary and freely in order to perceive the higher levels that a human being can reach, calm, peace, happiness, joy.

# Exclusive Cosmetics

## Exclusive Cosmetics

The search of the eternal youth every time this closer. Should not be forgotten that the physical image every time is more important in our society. The skin aging should not be an inevitable consequence of the human condition as a sign of the passage of time, the aging is the result of cumulative damage at the cellular level in our skin, produced by the continuous external aggressions that advances cosmetics can prevent and even reverse.

KUO'S PROFESSIONAL has focused its efforts in recent years in the research and development of effective cosmetic and beauty treatments for the care of the skin with effects of improvement visible from the first session and get these effects to be long-lasting.

# Ritual GOLD

## Gold

“Feel the pleasure of gold illuminating your skin”

*After consulting the Oracle, Kuo's has created its new Beauty Ritual, a ritual inspired by the ancient Greece and their gods,*

*“Apollo” and “Aphrodite”.*

*Apollo, God of the sun and light, with great healing power.*

*Aphrodite, Goddess of beauty and love.*

*The beauty for the Greeks was very important. They were obsessed with the physical human to creating your ideal principle of beauty. “Beauty is the physical and mental balance in humans“.*

*We have wanted to achieve that human beauty. How? Creating this fabulous ritual where we have combined our new products of the Gold line which will bring to the skin a smooth, rejuvenation, freshness and luminosity extreme along with the amazing massage “Mhiscere” (cradling with fabrics).*

*What will feel our client?*

*From the first moment we will introduce the client in a relaxing atmosphere, eliminating all its muscle and mental tensions of everyday life. We balance the body and mind of the client thanks to the benefits of massage “Mhiscere”. But if we also add a combination of sweet and fresh aromas and a combination of active ingredients for the skin (moisturizing, regenerating, anti-aging, etc.), our client will be delighted with this beauty ritual.*

## Ritual **Balinese Secret**

### Balinese Secret

Fusion of Beauty, Knowledge and finesse to achieve complete harmony.

We are located on the exotic island of Bali (Indonesia). For thousands of years this small island was obliged stop and rest point for sailors and traders who were travelling in the boats that held the routes to India, Thailand and China. Goddess Laksmi of Indonesia methodology, possessed four arms of beauty, was in charge of transmitting and inspire the inhabitants of Bali the knowledge necessary for the realization of various techniques of massage that over time has been enriched with Oriental traditions. Ritual BALINESE SECRET consists of a combination of Ayurvedic, Hindu techniques and medicine China, which along with carefully selected raw materials, make a cosmetic which gives the ritual of special sensations, aromas, sounds... moving our mind to a state of pleasure and calm on the fabulous island of Bali.

The practice of this ritual will get that client fall in love with him and professional hands that apply it.

What gives us?

Contains multiple benefits, the restoration of the body harmony, unblock the flow of energy, positively influences the blood and lymph circulation, strengthens the immune system of our body, relaxes the muscles and improves body mobility.

This set of knowledge and sensations applied with wisdom and gentleness, feelings get a muscle relaxation and stimulation of our whole body up to reach the state of complete harmony.

## Ritual **Bamboo & Argan**

### Bamboo & Argan

“A dream in the Hammam”

A ritual inspired by Moroccan Hamman that harmonizes both body and soul. This line is based on natural products from Africa and the Orient, where in ancient times, master formulations were naturally elaborated in order to create cosmetics that stopped the passage of time for the skin.

The properties and benefits of bamboo are almost countless. Thanks to its high content of Silica, stimulates collagen synthesis, bringing flexibility to the skin.

Argan Oil is a real jewel for the care and conservation of the skin, hair and nails. Contains a high quantity of essential fatty acids, which stimulate intracellular oxygenation, ensuring the skin's hydration while fighting dryness and loss of elasticity. From the first moment, you notice all its benefits, the skin becomes silky to the touch.

With this ritual we enhance the natural beauty of the skin and hair and, in addition, inwardly, by applying specific techniques, we release energy blockages, harmonizing and facilitating our client will go into a state of inner peace.

## Ritual Supreme

### Supreme

“Firming and regenerating line”

Facial ritual that redefines the expression lines and eliminates the signs of the passage of time in our skin.

Its active ingredients are: Snake Venom , a great muscle relieving that softens and reduces muscle contractions produced by gesticulation and daily stresses , which linked together in an specific massage with quartz stones, become this treatment a complete relaxing effect of facial features; Marine Collagen, DNA Repairers and Elastin which make to recover the fibroblast synthesis whose function becomes weaker over time; stimulating ingredients of the cellular longevity and the immune system to strengthen and revitalize the cellular process, by activating the inner cell in order to perform its work ... ; Vitamin F and Vitamin A, which regenerate , nourish and stimulate the elasticity of the skin, providing firmness and redensification .

The results are visible from the first session, being a treatment for a special occasion or a shock treatment. If done in several sessions, the best term is 4-6 sessions; it can be made up to 2 sessions per week.

# Ritual Depigmenting Oxygenating

## Depigmenting - Oxygenating

### Renewal “Discover a new skin”

Ritual renewal, depigmenting and oxygenating with A.H.A.'s, that produces to the skin activation of cell life, giving luminosity, smoothness, regeneration and purification.

The fruits acids of the renewal line provide the renewal of our skin, as well as regulate and normalize the skin fats and reduce fine lines at the same time blurring the lines of expression.

Ritual indicated for skins asphyxiated, hyperpigmented, devitalised, smokers or a lack of tone. We get a unification of the skin.

The contribution of oxygen and high hydration which provides renewal line, made of this ritual a preparer of skin and serves as enhancer of any other we make later (not the same day), so it makes it indispensable in our Beauty Salon.

The combination of triple acid in our biological Renewal, lactic acid (skin regeneration, reduces the pH with which protects the skin from a proliferation of bacteria), glycolic acid (exfoliating, gives great light), citric acid (antiseptic and clarifying of the melanin), joined a triple peeling makes the skin to resurface. Results from the first session, do not apply to sensitive skin.

# Ritual Kobido

## Massage technique Kobido Colastin “Road towards Beauty”

*This effective therapy sensorineural gives youth and luminosity to the face. Through a set of facial massage, Japanese Lifting tones the skin and tightens the muscles of the face, balances the vital energy and improves health in general.*

*Originally the AN-MO (rub - push) is aimed at maintaining or restoring the health, preserving constant and balance the flow of vital energy (Qi) for the whole body through the meridians.*

*According to Japanese tradition, the beauty is a reflection of the balance between mind, body and spirit, and this is reflected in the face.*

*Japanese facial lifting has a long history, what he has done is it has been refined over time and to be effective.*

*Provides your skin, sophistication, sensitivity and rejuvenating effect.*

*Enhancer the colastin line. Stimulator of collagen and elastin.*

## Ritual Red Fruits

## Massage technique Lomi Lomi

A ritual inspired in the seas of the Pacific in which essences and flavours of red fruits stand out. Customers encounter a new level of pleasure with regards to their skin, thanks to regenerative agents such as Vitamin C and AHA's. A new energy level is also experienced thanks to its content in seaweeds and minerals, which restore the hydration of the hydrolipidic film.

This treatment which consists of massage techniques from Hawaii called Lomi Lomi that are based on the Huna philosophy, which searches for harmony and love in everything. In this way, using massage, the state of tension that blocks natural energy flow is released. The Lomi Lomi is worked into the muscles with continuous, flowing massages that nourish the body transmitting great relaxation. Much of the work is done by the energy exerted by the masseuse. Such work is channeled through their hands and heart. This massage helps to release emotions, negative thoughts and behaviour patterns that cause limitations, and they are stored in the body's cells. In the physical level, tension and stress are released and the elimination of toxins is stimulated. The healing effects of the massage can continue for a long time after being carried out.

## Ritual Red fruits

## Massage technique Yogui

*Based on massage techniques from Thailand, which oxygenate the muscles by unlocking possible functional and energetic blockages quieting the mind and providing calm and wellbeing.*

*Our health physically and mentally and our spiritual development depend on the way in which our energy flows through our circuits. However, you'll likely find blockages and stagnant energy in certain points due to the high level of stress, mental stress, negative emotions, a sedentary lifestyle or poor diet, among other factors. These blockages in the energy manifest in the physical body as pain, spasms, stiffness or disease.*

*While in the practice of yoga, the Yogui works and solves energy blockages through practices such as asana, pranayama or meditation; Thai massage the person has a receptive role, where you can relax while the masseur does the work.*

*Nature gives us everything we need, the fruit extracts from the red fruits contain antioxidant and moisturizing properties providing vitamins and minerals, repairing or preparing our skin to the damage that the sun produces and offering us an optimal hydration, encouraging cell renewal and vitality of the dermis.*

# Ritual Chocolate

## Massage techniques

### Balancing / Hot Stones

Besides being a delicious sweet, chocolate has relaxing, detoxifying and firming properties that make it an excellent product for beauty and a powerful weapon against stress and anxiety.

Many of its therapeutic properties can be attributed to components called flavonoids, which are present in cocoa beans. The beneficial effects associated with flavonoids are related to their antioxidant activity, which acts as a defence against free radicals. At the same time, they enhance the production of endorphins in our organism, called "happiness hormones", and they affect our mood positively.

Chocolotherapy is a treatment that consists of applying chocolate to the skin through massages so that you have the possibility to take advantage of its many benefits. It relaxes, raises the spirits, comforts the body and helps to eliminate fatigue, providing a sense of pleasure. More and more beauty centres are choosing to use chocolate based therapy in their menus. Facial treatment is focused on reducing stress, rejuvenating and reaffirming the skin, while applied to the body, it has a slimming effect and helps to reduce cellulite.

# Ritual Strawberry Chocolate

## Strawberry and Chocolate

“Moments of pleasure for your skin”

Delicious fusion of aromas, flavors and textures that transport us to a state of pleasure and relaxation. The benefits of regenerating agents of red fruits, strawberries, cherries, and grapes are enhanced with the properties of cocoa, great release of endorphins, also highlighting Essential Oil of Orange Kuo's as a novelty in this Protocol.

Cocktail of vitamins with fruity notes and releasing endorphins that together with essential oils, become a pamper for body and skin of our clients.

In the times we are living, most of the people live down at a very high level of stress, whose more natural remedy is the massage.

Using the techniques of massage, we work the system circulatory, lymphatic, nervous, and energy, eliminating both mental and physical fatigue and providing resistance to diseases and the lack of harmony.

# Ritual Anti-Cellulite Remodelling

## Anti-Cellulite-Remodelling

“Redefines your body contour”

Remodelling ritual that redefines the body contour according to the customer’s needs.

Powerful treatment and anti cellulite, which favours the drainage of fluids and dissolution of accumulations of fat, restructuring connective tissue and providing elasticity and oxygenation at the same time.

The application of innovative massage techniques dealing with connective tissue in depth, make this rather unique treatment, the hands of the cosmetician becoming the most effective tool to achieve the desired objectives.

The presence of caffeine, brown seaweed and algae laminaria in the main products of treatment make it a powerful burner and eliminator of fatty nodules. This, together with the components draining as sudden extract and nicotinate of methyl that activates blood circulation and lymphatic channels. Also favours the restructuring of the epidermis, moisturizing and reaffirming the skin thanks to the collagen.

From Kuo’s we put all means available to train technical staff so that you can move these findings to their Beauty Salons:
